WHAT IS A WHALE OF A HERITAGE ROUTE?

It is an initiative to package and market as a niche destination and Route approximately 400 historical attractions, associated events and businesses with Southern Right whale watching an additional feature in season. Businesses and organizations that subscribe to the Route initiative are promoted preferentially. The whale sightings log, whale sighting map, events, historical postcards and place-mats are used as a lever to generate visibility, interest, excitement and knowledge.

ROUTE DESCRIPTION

The historical section of the Route starts immediately north of and either side of of Albertyn Road in Muizenberg and ends at the Cape Point lighthouse. The Muizenberg section of the Route offers a guided walking tour of historical Muizenberg ie the old Village and the nearby contrasting Millionaire's Row. A second walk incorporates Main Road with emphasis on The Historical Mile. A third option is the Old Hotel Trail. A slow trip from Kalk Bay to Muizenberg on a traditional fishing boat offers a unique offshore platform to view attractions. In Muizenberg you will have the opportunity to experience quaint and in some cases unique heritage dating from the stone - age through to 1673 and the 1930s. The Muizenberg walks are about 2 hours each and start near Surfer's Corner where according to legend, surfing started in South Africa during World War 1. Guided walks are also available in Kalk Bay, Fish Hoek Valley, Glencairn and Simon's Town. Also available is a **Muslim Trail**, a **Stone Age & Quena Trail**, the **Old Hotel Trail**, **Movers and Shakers Trail** and **Gables and Chimneys Trail**. Factored into the latter are select fireplaces. **Historical Adventure-Races** are another option (for team building purposes as an example). The whale spotting section of the Route starts at offshore Strandfontein.

ROUTE EVENTS

The **Annual Route Challenge** (in the form of a historical adventure race) and the **Whale Spotter's Breakfast** are the main events. The latter event also serves as the Route's year – end function.

MISSION OF THE ROUTE

Is to encourage, on a year round basis, appropriate market segments to celebrate the natural, cultural and historical attractions that the Route has to offer.

VISION FOR THE ROUTE

To be a world class heritage Route and a preferred whale spotting destination.
